**Profile:** Vitor Ciaramella is a Senior IT consultant specialized in Project Management, Agile methodologies and Microsoft technologies. In the past 10 years he has architected and developed various IT systems, managed and coached a lot of people and, mainly, enjoyed doing it all. Today, he provides independent consultancy services to IT companies to better satisfy their clients in the whole process of generating business value, including: presales support, Scrum adoption, systems architecture, project management, talent acquisition, systems development and problem solving. As an eternal apprentice, he has got over 40 worldwide recognized certifications such as: PMP®, PRINCE2® Practitioner, Scrum Professional, ScrumMaster and Product Owner, MCPD (from .Net 1.1 to 4.0), MCTS (including SharePoint and Windows Mobile), MCITP (from SQL Server 2000 to 2008), and IBM SOA Designer. Vitor has a Bachelor's degree in Systems Analysis from PUC-Campinas, and now he's getting his Master of Business Administration and Master of Science degrees from FGV and Unicamp, respectively.

**Software Engineering Skills (8 years experience):** System Architecture, SOA, SaaS, UML, DFD, Use Cases, Patterns & Best Practices, MVC, MVP, Frameworks, Components, Requirement Analysis (functional and non-functional), Parameterized Specifications, Risk Analysis, OOP, Layering, Distributed Architecture, Client/Server, Model/Test-Driven Architecture/Development, Human Computer Interface Best Practices.

**Software Processes (7 years experience):** Agile Methodologies (Scrum, XP, FDD), MSF, Rational Unified Process, Unit Testing, Refactoring, Iteration Planning and Metrics.

**Project Management Skills (7 years experience):** PMI PMBOK Guide (PMP®), PRINCE2® (Certified Practitioner), Scrum agile methodology (Certified Scrum Professional, ScrumMaster® and Product Owner), Leadership, Teamwork, Mentoring, Function & Use Cases Point Analysis.

**Business Skills (9 years experience):** Entrepreneur profile, Business oriented professional, Balanced Score Card (BSC) techniques.

**Technology Expertise (10 years experience):** From .Net 1.1 to 4.0 (MCPD & MCSD), SharePoint 2007 and 2010 (MCTS), SQL Server 2000, 2005 and 2008 (MCITP & MCDBA), WF, WPF, WCF (Windows Workflow, Presentation and Communication Foundation), Oracle, Java, J2EE, Windows Platform (Windows 2003 Server, Win32, CE), Linux Platform, Web Services, Message Queue, WMI, Together, Enterprise Architect, Oracle Design, Erwin, QDesigner, StarTeam, MS Office, MS Project, MS InfoPath, Microsoft Operations Manager, Exchange Server, ISA Server, Delphi (BCP), C#, Visual Basic, C++, Lisp, Prolog, TCO, TCL, BIG IP F5 iRules, JavaScript, Flex, Flash, Action Script, SEO, HTML, DHTML, Ajax, CSS, XML, VB Script, MS Source Safe, SVN, IBM CMVC, Rational Clear Case.

**Implementation Expertise (10 years experience):** Development of Frameworks, Patterns and Core/Critical Functionalities, Software Factories, Design For Test, Security, Concurrency, Scalability, Locking, Isolation, Timeout Management and Integration.

**Social Skills (10 years experience):** Strong communication (Verbal, Writing and Drawing), Motivation and Negotiation. Proficient in English (international experience) and Portuguese (native). Intermediate Spanish. Basic French.

**Relocation availability:** Looking forward to relocate to other countries, especially in North America and Europe. US regular business visitor (R B1/B2) visa.

## Latest Professional Experiences:

**Project:** Different Intranet and Internet Systems

**Client:** Different clients

**Duration:** 12 months

**Start Date:** Mar-2009

**End Date:**

**Role:** Independent Senior Software Consultant (Project Manager and Software Architect)

**Description:** Vitor has been providing consultancy services to different clients, from small to medium companies. He is helping IT departments and software development teams to improve their project management, software architecture, and software development skills and processes. He is using the Scrum agile methodology, PRINCE2®, the PMBOK Guide and marketing principles applied to IT.

**Project:** Many Internet and Intranet Portals

**Contractor:** CMMi 5 Independent Software Vendor / Integrator (~700 employees)

**Client:** Multinational Health-Care Products Company (~150 thousand employees)

**Duration:** 8 months

**Start Date:** Aug-2008

**End Date:** Apr-2009

**Role:** Senior SharePoint and .Net Architect

**Description:** Vitor led a team of 2 software designers, 5 technical leaders and 20 developers in the design, development, test and move to production of several portals including an intranet “e-Bay like” Exchange System, 2 internet sites for a vision care products company in EMEA, 3 internet sites for a Vision Care company in NA and one intranet Idea Sharing Portal. He was responsible for supporting the project managers on all technical aspects from the pre-sale to go-live activities, using Scrum agile methodology.

**Project:** People Mentoring and Coaching

**Contractor:** CMMi 5 Independent Software Vendor / Integrator (~700 employees)

**Duration:** 2 years

**Start Date:** Apr-2007

**End Date:** Apr-2009

**Role:** Mentor

**Description:** Vitor mentored 2 software architects in the development of their career, following their progress, giving feedback, and working with the HR department to plan their promotions.

**Project:** Pre-Sales

**Contractor:** CMMi 5 Independent Software Vendor / Integrator (~700 employees)

**Duration:** 2.5 years

**Start Date:** Sep-2006

**End Date:** Apr-2009

**Role:** Senior SharePoint and .Net Architect

**Description:** Vitor worked with the pre-sales team in several pre-sales, conducting requirements gathering, technical proposals, business meetings, software estimation, planning and risk analysis.

**Project:** .Net and SharePoint Websites Platform

**Contractor:** CMMi 5 Independent Software Vendor / Integrator (~700 employees)

**Client:** Multinational Health-Care Products Company (~150 thousand employees)

**Duration:** 4 months

**Start Date:** Apr-2008

**End Date:** Nov-2008

**Role:** Senior SharePoint and .Net Architect

**Description:** Vitor idealized and designed a whole new Asp.Net platform aimed to rapidly create new websites using SharePoint as the content management solution. He led a team of 15 people to achieve the functional and non-functional requirements on schedule. The project was developed using Microsoft .Net 2.0 (C#), Office SharePoint Server 2007, ASP.Net, SQL Server 2005, Google Search Appliance, Google Analytics, Cognos, and Scrum agile methodology.

## Previous Professional Experiences:

Previously, Vitor worked for 8 years in several projects and companies playing different roles such as SharePoint and .Net architect, project manager and coordinator, lead developer and systems analyst. He worked for national and multinational companies in different verticals (Health-Care, Insurance, Information Technology, Automotive, Banking, Telecommunication, Government, Education, Chemistry and Services) and developed all kinds of systems for: Highly Accessed Portals; Sales Force and CRM Portals; Life Insurance Proposal; Process Management; Sales Force Application for Tablet and Pocket PC; Bus Production Quality Control; Human Resource Management; Telecom; Medical Supply Management; and Educational Support CD-ROMS. Additionally he worked with system and database performance tuning, architecture analysis and framework development.
